

Recent Additions on Long Term Loan

We have three new items on display – a half size model of a S. E. World War I bi-plane which was constructed by Arnold Curtis; a 1924 Douglas Special motorcycle [which is unique in that it has been fitted with a Douglas aircraft engine] restored by a local collector; and a 1928 Indian Prince Racer motorcycle which raced in Palmerston North from 1927 to 1934 and has been restored to its original racing configuration by a local collector. And to make up the trio, a 1926 Douglas motorcycle has also joined our exhibition.

1924 Douglas
